**Re: Doggone Fools, August 18/07**

Dear Editor,

Having worked in animal protection to help people, animals and the environment for more than 40 years, I have heard many of Mr. Coren's simplistic "them or us" arguments before, and there are too many to answer in this short space, so perhaps I could ask him just one question: You come upon a car accident and find there are two survivors. You only have time to save one. Which one do you save? Lassie or Charles Manson?

Sincerely,
